

DISASTER PLANNING

Did you know that 43% of businesses never open their doors after a disaster? 23% close within a year and 17% close within two years? Don't let an emergency shut your business down.

Be prepared, plan ahead. By preselecting a restoration contractor you can rest easy knowing that your business, employees, contents and livelihood are protected in case of a disaster.

Whether it is a natural disaster or a man-made one, being well prepared will ensure you can take care of the health and safety of your employees or tenants, protect your equipment, inventory and important documents, minimize interruption to your business, and, most importantly – get back to business, fast!

We offer two programs to choose from. Our Basic program is FREE. Call us today to find out more about this important program that can help keep you in business after any disaster.
